About Schoology

Schoology is an integrated learning management system that provides course management, mobile learning, and support for school wide communication. Schoology enables students, parents and teacher to access learning materials and engage with the school community from inside the classroom and beyond. With Schoology, students can digitally submit a homework assignment, view course content, participate in interactive discussions, receive announcements and feedback, take tests, write academic blogs, view their graded submissions, and more. As a parent, **you will be able to view your child's activity with the platform. Student progress and activity will be** monitored by faculty to ensure a safe, secure and controlled learning environment. Schoology grades and access are only for information about assignments and coursework. Students official grades will be printed and sent home during progress reports distribution days, end of the quarter (elementary), end of the semester (high school), and end of the year. What can you see in Schoology?

- The classes your child is enrolled in.
- The groups your child is a member of.
- Your child's upcoming assignments and due dates.
- School and class announcements and course updates.
- Calendar
- Materials
- Graded Schoology assignments
