

10th & 11th Grade School Supply List

For Sophomores and Juniors- it is best to wait to see what teachers ask for as your classes are specialized. Other specialty items you should wait to buy due to the fact that you may already have those items or maybe you don't need many supplies due to the fact that we do a lot on the computer.

Basic supplies are:

Graphing Calculator

SOAP Journal

Planner

Highlighters

Pens (black, blue and red)

#2 Pencils

Index Cards

8x11 paper
